***The 4th International Conference on Non-Communicable Diseases
HEALTH RISK FACTORS AND PREVENTION OF INJURIES AND DISEASES***

This is an excellent opportunity to invite our international and national partners, to bring together well-known senior experts and talented junior researchers to discuss new research, ideas, and approaches. We expect a lively exchange of information in all subjects related to prevention and control of non-communicable diseases and injuries. Our hope is to foster collaborations and partnerships through our time together.

The conference will be held on **June 03-05, 2026**, in Chisinau, Republic of Moldova. Additional information (program, time, and place, access, etc.) will be announced in advance before the conference.

Areas of interest for this Conference include the following topics:

1. Non-communicable diseases and injuries as a public health concern.
2. Health risk factors for non-communicable diseases.
3. Promote international collaboration on non-communicable diseases and injury research and practice.
4. Public health governance in the prevention of non-communicable diseases.
5. Role of health promotion and individual responsibilities.
