Student support services

A full-fledged foreign relations office is available at TSU. The Department of Foreign Relations (DFR) is in charge of incoming and outgoing exchange students and staff organized in the frameworks Erasmus+ Credit Mobility (KA107) and the mobility exchanges through bilateral agreements and other international programs. Currently, DFR is running 59 Erasmus+ credit mobility projects with the European universities. The staff members of the office have authored two ERASMUS Mundus (EMA2) project applications, both of which received funding (HERMES and EMBER) from the European Commission. Besides, DFR is responsible for the Turkish government funded MEVLANA partnerships with dozens of Turkish universities and partnerships with several Chinese universities.

All incoming exchange international students and staff must register with DFR staff members responsible for incoming student and staff mobility as soon as they arrive at TSU. Upon arrival, incoming students and staff will have an opportunity to attend a welcome presentation. There will be an optional tour following the welcome presentation, hosted by DFR staff members responsible for exchanges. This will be a walking tour in the 1st, 2nd, 3rd, 4th and 5th buildings of the university located in the downtown area, pointing out some of the key facilities available to TSU students and staff (TSU libraries, Student Self-Government, the ESN network, etc.).

The DFR website (https://www.tsu.ge/en/government/administration/departments/foreign_relations/int_relations/partner_universities/) provides useful information to students and staff prior to and upon arrival in Tbilisi, as well as throughout their stay at Tbilisi State University. International students and staff can connect with DFR through its Facebook page. Search for Department of Foreign Relations at TSU on FACEBOOK.

Questions/answers:

- Can you please describe the academic credit transfer system your institution uses? Will Transcript of Records be automatically issued, in a widely used Language?
Tbilisi State University is using ECTS as the main recognition mechanism. The English version of the Transcript of Records will be issued after the mobility.
- Will your institution charge no fees, is the case of credit mobility, to incoming mobile students for tuition, registration, examinations or access to laboratory and library facilities?
Yes, no fees will be charged.
- Are there scholarship opportunities for incoming students in the framework of a bilateral agreement?
Yes, in case a partner university agrees on the reciprocity of the scholarships.
